

Sizing & Measurement Guide

303Z • MAX2 • MAXPV

Take the three measurements below while the passenger is sitting down. Use them to find which vest size fits, or to order a custom-made vest. Every EZ-ON vest can be custom made to fit a passenger's individual needs.

PASSENGER'S MEASUREMENT

Chest Circumference

Wrap the tape measure around the chest at armpit height. Passenger must be sitting down.

303Z / MAX2 / MAXPV
 XS 18"–24"

 S 24"–30"

 M 30"–36"

 L 36"–42"

 XL 42"–48"

_____ in.

PASSENGER'S MEASUREMENT

Hip Circumference

Wrap the tape measure around the hips, right over the hip bones. Passenger must be sitting down.

303Z / MAX2 / MAXPV
 XS 18"–24"

 S 24"–30"

 M 30"–36"

 L 36"–42"

 XL 42"–48"

_____ in.

PASSENGER'S MEASUREMENT

Shoulder to Hip

Measure straight down from the top of the shoulder to the hip bone. Passenger must be sitting down.

303Z / MAX2 / MAXPV
 XS 13"–17"

 S 14"–18"

 M 17"–21"

 L 20"–24"

 XL 22"–28"

_____ in.

WHEN IS CUSTOM SIZING REQUIRED?

1. If any measurement lands in a **different size** than the others, this passenger needs a custom vest.
2. If the chest and hip numbers are **more than 3 inches apart**, this passenger needs a custom vest.
